

ABDELSELAM KEMAL

S O F T W A R E E N G I N E E R | F R E E L A N C E R

PROFILE

I am a results-driven freelancer, video editor, and software developer with over 3 years of experience in developing mobile applications and websites. I have successfully developed an Android application for a Telegram channel and have built websites, applications. Currently, I am working as an IFB officer at a private bank, ensuring the provision of system support and superior customer service to internal and external customers and stakeholders.
